

SOKOINE UNIVERSITY OF AGRICULTURE

APPLICATIONS FOR ADMISSION INTO HIGHER DEGREES FOR THE ACADEMIC YEAR 2026/2027

Applications are hereby invited for admission into Higher Degrees at Sokoine University of Agriculture (SUA) for the academic year 2026/2027. Candidates for Postgraduate Diploma, Master and PhD Degree programmes by Coursework and Dissertation are admitted and registered once every year for an academic year that starts in October of each year. Successful candidates will be notified immediately after consideration and approval are made by the Senate and they will be expected to embark on studies in October, 2026. Candidates for Master's and PhD by Research and Thesis may apply and be admitted at any time of the year. Candidates meeting the prescribed minimum qualifications are invited to apply for admission.

The following are the Postgraduate Diploma, Master's and PhD degree programmes by course work while PhD degree programme by Research and Thesis are offered in all Academic units (Schools and Colleges) at SUA:

A. POSTGRADUATE DIPLOMA PROGRAMMES

1. Postgraduate Diploma in Education – One year for science teachers (Evening)
2. Postgraduate Diploma in Monitoring and Evaluation

B. 1. MASTER DEGREE PROGRAMMES BY COURSEWORK AND DISSERTATION

Hosted by the College of Economics and Business Studies (CoEBS)

1. Master of Business Administration (Agribusiness): *This is a 24-month full-time programme conducted by course work and an internship leading to an examinable Research paper.*
2. Master of Business Administration-MBA – (Evening Programme): *This is a 24-month part-time programme. Teaching times are 5.00 pm to 9.00 pm during weekdays and 8.30 am to 12.30 pm on Saturdays.*
3. Collaborative Master in Agricultural and Applied Economics

Hosted by the School of Education (SoE)

1. Master of Education in Curriculum and Instructions (Evening)

2. Master of Educational Management and Administration (Evening)

Hosted by the College of Natural and Applied Sciences (CoNAS)

1. MSc. Environmental Science Management and Technology
2. MSc. Hydrogeology and Water Resource Management
3. MSc. with Education (Biology/Chemistry/Mathematics)

Hosted by the College of Agriculture (CoA)

1. Master of Crop Protection
2. MSc. Agricultural Extension
3. MSc. Soil Science and Land Management
4. MSc. Tropical Animal Production
5. MSc. Human Nutrition
6. MSc. Aquaculture
7. MSc. Horticulture
8. MSc. Seed Technology and Business
9. MSc. Agricultural Statistics: *The programme is offered jointly between SUA and the Eastern Africa Statistical Training Centre (EASTC). Registered students are hosted by the EASTC in Dar es Salaam. All applications should be sent through <https://eastc.ac.tz/cms-v1/content/how-apply-0>*

Hosted by the School of Engineering and Technology (SoET)

1. MSc. Irrigation Engineering and Management
2. MSc. Land Use Planning and Management
3. MSc. Post-harvest Technology and Management
4. MSc. Food Science and Technology
5. MSc. Food Quality and Safety Assurance

Hosted by the College of Forestry, Wildlife and Tourism (CFWT)

1. MSc. Forestry
2. MSc. Wildlife Management and Conservation
3. MSc. Ecosystems Science and Management
4. MSc. Forest Resources Assessment and Management
5. MSc. Environmental and Natural Resources Economics
6. MSc. Forest Engineering
7. MSc. Forest Products Value Chains and Business Development
8. Master in Tourism and Recreation Management
9. MSc. Forest Product and Technology

Hosted by the College of Veterinary Medicine and Biomedical Sciences (CVMBBS)

1. MSc.in Comparative Animal Physiology
2. Master of Veterinary Medicine

3. MSc. Biochemistry
4. MSc. Applied Toxicology
5. MSc. Applied Microbiology
6. MSc. Molecular Biology and Biotechnology
7. MSc. Parasitology
8. MSc. Public Health
9. MSc. Health of Aquatic Animal Resources
10. MSc. One Health Molecular Biology
11. MSc. Public Health Pest Management
12. MSc. Animal Reproduction and Biotechnology
13. Master of Preventive Veterinary Medicine (MPVM): *This is a 12-month programme by coursework and a limited research assignment leading to the production of an examinable research paper.*

Hosted by the College of Social Sciences and Humanities (CSSH)

1. Master in Rural Development and Transformation
2. Master in Project Management and Evaluation
3. Master in Development Planning and Policy Analysis

B.2. MASTER'S DEGREE PROGRAMME BY RESEARCH AND THESIS

Master's degree programme by Research and Thesis are offered in all Academic units (School, Colleges and Sokoine National Agricultural Library). Applications for Masters by Research and Thesis are received throughout the year and studies can commence at any time of the year once admission is granted. Master's degree by Research and Thesis is offered for two years (24 months) and three years (36 months) on a full-time and part-time basis respectively leading to a thesis.

C.1. PHD DEGREE PROGRAMMES BY COURSEWORK AND DISSERTATION

1. PhD in Soil and Water Management
2. PhD in Agricultural and Rural Innovation (PhD – ARI)
3. PhD in Agro-ecology
4. PhD Agribusiness
5. PhD in Forest Sciences

C.2. PHD PROGRAMMES BY RESEARCH AND THESIS

Applications for PhD by Research and Thesis are received throughout the year and studies can commence at any time of the year once admission is granted.

GENERAL MINIMUM ADMISSION QUALIFICATIONS

Post-Graduate Diploma:

Applicants must have a bachelor's degree from a recognized institution of higher learning, deemed to be equivalent to at least a pass degree of SUA. Such qualification shall be in a subject or subjects relevant to the intended Postgraduate Diploma.

Master's Degree by Coursework and Dissertation

1. A candidate shall either hold a bachelor's degree with a GPA of at least 2.7 of SUA or a qualification from an approved institution of higher learning with a GPA of 2.7.
2. Candidates who hold unclassified degrees (e.g. BVM) should have an average of a B grade in the subject of the intended Master's degree.
3. Candidates with a Pass degree will be considered for admission if their undergraduate performance in the proposed subject of study was a B grade average or above.
4. Candidates with a Pass degree will also be considered for admission if they have satisfied the relevant College/School Postgraduate Studies Committees that they have exhibited academic potential through extensive fieldwork/research experience of at least three years and/or additional professional development courses of the duration of at least three months.
5. Except for the MPVM; MBA, and Master of Arts (M.A) in Project Management and Evaluation degree programmes which are one year (12 months) and one and half years (18 months), respectively, all other Master degree programmes are tenable for two years for full-time students and three years for part-time students. In the case of full-time students, the first year is dedicated for coursework, while the second year is for research and dissertation writing.

Master's Degree by Research and Thesis

A candidate for admission into Master by Research and Thesis shall hold:

1. A bachelor's degree with a GPA of at least 3.5 OR
2. A bachelor's degree with a minimum GPA of at least 2.7 and research experience of at least three years. *An applicant will be considered to have acquired research experience when he/she has published at least one paper in SUA recognized journals or one paper in conference proceedings or has attended training on grant proposal writing or research methodology or data analysis.*

PhD Degree Programmes (by Coursework and Dissertation & Research and Thesis)

A candidate for admission to the PhD degree programme of SUA shall hold a Master's degree from SUA or a relevant Master's degree of equivalent standing from another approved University.

1. For the PhD by Coursework and Dissertation, the applicant shall have a master's degree from recognized higher learning institution with a GPA of at least 3.0.
2. For the PhD by Research and Thesis, the applicant shall have:
 - a. Master's degree of SUA or other higher learning institutions with a GPA of at least 3.5 on a 5 points scale or average grade of B+ for unclassified master's degrees; OR
 - b. Master's degree by Research and Thesis; OR
 - c. Master of Philosophy in relevant discipline.
3. The equivalent qualification must be directly relevant to, and compatible with the academic discipline the candidate wishes to pursue for his/her Doctoral study. Candidates with qualifications in disciplines that are considered irrelevant to and incompatible with the academic discipline of intended doctoral studies shall be required to take and pass relevant remedial courses.

4. Candidates with only a bachelor's degree but with First Class or Upper Second honours or holders of a distinction in the relevant subject in the case of an unclassified degree may also be considered for PhD registration after initially registering for the Master's degree and doing at least one full year's postgraduate coursework. The candidate must have been authorized by relevant College/School/ Directorate Academic Committees to upgrade their registration to PhD candidacy.

MODE OF APPLICATION AND PAYMENT

Candidates can apply for admission into SUA degree programmes through: **Online application** link, <http://suasisuqf.sua.ac.tz/gradapplication/index.php/admission/admissionapplications>

- (a) Make sure that your passport-size photograph and all relevant academic documents are attached before final submission is made. Kindly note that, to complete and submit your application, you will be required to pay Tanzanian Shillings **TZS 50,000.00** or **US\$ 20.00** for international students as an application fee.

(b) Mode of Payments

For Tanzanians payments should be made through;

Kindly use the Government payment system by using the CONTROL NUMBER provided and pay through the banks, bank agents, internet banking, mobile banking and Tanzania mobile phone money service operators/providers (M-Pesa, Tigo Pesa, Airtel Money, Halopesa, TTCL and Ezy Pesa) of your choice.

For Foreigners payments should be made through;

Kindly deposit or transfer by using any bank of your choice to our account below;

Account Holder:	SUA Internal Revenue USD collection
Account Number:	026105002248
Bank Name:	NBC Bank Ltd
Branch:	Morogoro
Swift code:	NLCBTZTX

N.B: Be reminded to fill in a **CONTROL NUMBER** in the banker's TISS /SWIFT application form

DEADLINE FOR APPLICATIONS

The deadline for applications for the programmes with coursework is **31 October 2026**. Candidates for Master's and PhD by Research and Thesis may apply and be admitted at any time throughout the year.

In all programmes, female applicants are highly encouraged to apply.

SOKOINE UNIVERSITY OF AGRICULTURE

**OFFICE OF DEPUTY VICE CHANCELLOR (ACADEMIC, RESEARCH AND
CONSULTANCY)**

**UNIVERSITY FEES, OTHER COSTS AND PAYABLES FOR POSTGRADUATE DEGREE
PROGRAMMES WITH EFFECT FROM THE ACADEMIC YEAR 2022/2023**

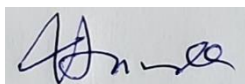

PREFACE

Sokoine University of Agriculture (SUA) was established in July 1984 by the Parliament Act No. 6 of the same year. It was transformed from the former Faculty of Agriculture, Forestry and Veterinary Science of the University of Dar es Salaam to become a full-fledged university in 1984. The University is expanding and currently it has three academic campuses namely; Edward Moringe, Solomon Mahlangu, and Mizengo Pinda.

The University offers postgraduate degree programmes at its two campuses, Edward Moringe and Solomon Mahlangu. Most of the master programmes are offered by coursework and dissertation but a few are also offered on research and thesis basis. PhD programmes at SUA are offered by either coursework and dissertation or research and thesis. The number of postgraduate programmes as well as postgraduate students enrolled at SUA has been on the increase, currently SUA host more than 60 programmes and a total of over 800 enrolled students.

The previous SUA guide for fees, direct costs and subsistence expenses came into effect in the 2015/2016 academic year with the payables being in use since 2008. During the operationalization of the previous fee structure, it was observed that both research and living cost were on the increase as reported by both Tanzanians and international students; hence need to review the fee structure and other costs was inevitable in order to meet the ever increasing living and research expenses. Furthermore, review of fee structure has been aligned to the revised Regulations and Guidelines for Higher Degrees (2021), the SUA Research Regulations and Guidelines (2019) as well as the East Africa Community Council of Ministers Directive (EAC/CM9/Decision No. 48) to harmonize university fees in the region. The current fee structure was approved during the 166th University Council Meeting held on the 31st March, 2022.

We hope that the current fee structure will be attractive to our key stakeholders including postgraduate students, sponsors and parents/guardians who are willing to support prospective students to pursue postgraduate studies at SUA.

Raphael Tihelwa Chibunda
Vice Chancellor

1.0 Background

The office of the Deputy Vice Chancellor (Academic, Research and Consultancy) wishes to inform prospective students and the general public that the Sokoine University of Agriculture Management has reviewed the postgraduate fees, stipend and research allowances with effect from the academic year 2022/2023. The fee structure review considered the nature and the duration of the degree programme where by fee for the 18-month programmes is now separated from the 24-month programmes (Table 1). Furthermore, the revised fee has been substantially reduced compared to the fee structure which was approved during 2015/16 academic year. The current fee structure recognises and allows postgraduate students from the East African Community countries to pay the same fee as Tanzanians in the spirit of regional integration. Tables 2 to 6 summarise tuition and other fees; Tables 8 to 10 indicate estimated stipend allowances while Tables 11 and 12 summarize estimated research allowances. Special costs that shall depend on students' circumstances are summarized in Table 7.

1.1 Clusters for postgraduate programme

Table 1: Categories for Postgraduate Degree programmes

Cluster	Category	Degree programmes
Postgraduate Diploma		All postgraduate Diploma programmes for 12 months
Master (12 months)		Master of Preventive Veterinary Medicine
Master (18 months)		Project Management and Evaluation, MBA Agribusiness,
Master programmes coursework & Dissertation/ research and Thesis (24 months)	Arts	Rural Development, Master of Education Curriculum and Instructions, MBA evening programme
	Science, Technology, Engineering and Mathematics	Crop Science, Seed Technology and Business, Agricultural Education & Extension, Irrigation Engineering and Management, Land Use Planning and Management, Soil Science and Land Management, Tropical Animal Production, Aquaculture, Human Nutrition, Food Quality and Safety Assurance, Agricultural Economics, Agricultural and Applied Economics, Environmental and Natural Resources Economics, Management of Natural Resources for Sustainable Agriculture, Ecosystems Science and Management, Wildlife Management and Conservation, Forest Resources Assessment and Management, Forestry, Forest Resources Assessment and Management, Forest product Technology, Agroforestry, Environmental Sciences, Management and Technology, Hydrogeology and Water Resources Management, Agricultural Engineering, Post-harvest Technology and Management, Food Science, Agricultural Statistics, MSc. with Education (Biology)
	Veterinary Medicine and Biomedical Sciences	Molecular Biology and Biotechnology, Applied Microbiology, One Health Molecular Biology, Epidemiology, Health of Aquatic Animal Resources, Public Health Pest Management, Public Health and Food Safety) Biochemistry, Master of Veterinary Medicine, Veterinary Surgery, Animal Reproduction and Biotechnology, Veterinary anatomy,

		Natural Product Value Addition, Applied Toxicology, Comparative Animal Physiology, Clinical Pathology, Microbiology, Pharmacology, Veterinary Anatomy
PhD (36 to 48 months)	Social Sciences	All PhD programmes under social sciences including Rural Development, Master of Education Curriculum and Instructions, MBA, Rural Development, Master of Education Curriculum and Instructions
	Science, Technology, Engineering and Mathematics	All PhD programmes in Agriculture and related fields, Engineering related courses, environmental science Mathematics
	Veterinary Medicine and Biomedical Sciences	All PhD programmes in Veterinary Medicine, Laboratory Technology, Public Health and Allied Sciences

6.0 Special costs

Special costs shall be paid depending on individual students' circumstances.

Table 7: List of special costs which depend on student circumstances

Type of cost	Tanzanians & EAC (TZS)	International (USD)
Remedial courses (per course)	200,000	150
Extended registration per month	100,000	100
Late collection of certificate*	50,000	50
Appeal fee	50,000	50
Late collection for transcript*	50,000	50

* One year from the date of graduation

7.0 Indicative stipend and other allowances payable direct to students

Stipend and other payables direct to postgraduate diploma, master and PhD students are indicated in (Table 8, 9 and 10). These are only indicative costs; the actual costs may be determined by existing market price at the time of studies. Therefore, students and their sponsors are strongly advised to observe the existing market prices at the time of studies.

Table 8: Stipend and other allowances payable directly to Postgraduate diploma students

Type of cost	Year 1	
	Tanzanians (TZS)	International (USD)
Accommodation*	1,800,000	1,800
Meals	6,000,000	6,000
Incidentals	300,000	300
Books	500,000	500
Stationery	400,000	400
Settling in allowance	300,000	300
Total	9,300,000	9,300

* Private accommodation may be higher than the indicated estimate costs
